

UPIPS Year 4 On-Site Focused Visit

Site Visit Activities

The on-site visit activities will be tailored to the specific needs of the LEA, as shown by previous submission of data and reports.

Meetings with Steering Committee

At the beginning of the visit, there will be an Orientation Meeting with your Steering Committee. We will present an overview of the 5-year UPIPS cycle and the on-site visit activities. **The Steering Committee is encouraged to address any areas of strength, concern, or recommendations from the previous UPIPS Year 2 on-site report, as well as on the progress of the Corrective Action Plan and Program Improvement Plan they would like us to attend to as we visit schools.** At the end of the visit, the validation team will hold an Exit Meeting with the Steering Committee and/or others you invite. A short verbal overview of the findings will be presented at that time.

The visit may include:

- Interviews with Staff
- Focus Groups & Surveys
- Student Record Review
- Classroom Observations
